

**A Housing Production Plan for Watertown** – The Town wants your feedback - [http://www.surveymonkey.com/s/Metro\\_West\\_Housing\\_Opportunities\\_Survey](http://www.surveymonkey.com/s/Metro_West_Housing_Opportunities_Survey). The Town received a grant, in partnership with surrounding communities, from the Metro Boston Sustainable Communities Consortium to undertake the creation of “Housing Production Plans.” Another opportunity for participating is to come to the **Community Forum on Housing Development** in Watertown, so save the date **Thursday October 25<sup>th</sup> at 7:00 p.m.**

**Share your ideas:**

- Danielle Evans at Watertown’s Department of Community Development and Planning: [devans at watertown-ma.gov](mailto:devans@watertown-ma.gov)
- Jennifer Van Campen at Metro West CD (a private non-profit community development corporation): [jvc at metrowestcd.org](mailto:jvc@metrowestcd.org)

**Reasons to create and adopt a Housing Production Plan:**

1. It will guide development in ways that best meet our community’s needs
2. It will result in housing units that help our current and future residents
3. It could prevent large unwanted 40B developments

**What makes up a Housing Production Plan:**

1. An assessment of our community’s housing needs based on an understanding of population trends and regional growth factors
2. A numerical goal of units to produce annually
3. An appropriate mix of housing types
4. Steps for meeting our goals
